

Kori Linae Carothers Releases Debut CD **Kori Linae Carothers Releases Debut CD**

Kori Linae Carothers has just released "The Road Less Traveled" CD, a collection of original New Age instrumental music by the pianist/composer.

Mission Viejo, CA (PRWEB) August 16, 2004 -- Kori Linae Carothers has just released her "The Road Less Traveled" CD, a collection of original New Age instrumental music by the pianist/composer.

Kori is a woman of strong emotions, and she expresses them through her music. As she likes to say, "Music fills in, when words are not enough". Each song on "The Road Less Traveled" is an expression of an experience in Kori's life which evoked strong feelings. She shares the inspiration for each song on her CD jacket, and on her website under "Every song has a story...".

Kori's composition abilities are heard in the ethnic tracks "Spanish Dance" and "Asian Wind", in the inspirational tracks "The Road Less Traveled", "There I Go" and "The Day", and in the more personal tracks "Judgement", "Admiral" and "Airs".

Kori's musical influences reflect the eclectic nature of her own music: Yanni, George Winston, Shadowfax, Vangelis, Enya, Tangerine Dream, John Williams, Phil Collins, Peter Gabriel, Genesis, Eric Clapton, Marc Cohn.

Kori was born in Cedar City, Utah. She grew up in Minnesota listening to a variety of Rock and Roll to Jazz artists. As a child, her parents encouraged her interest in music by having her take piano lessons. Kori majored in Music, and during her studies she composed over 20 musical songs, before she had heard of New Age music.

Tracks from "The Road Less Traveled" can be heard at www.korilinaecarothers.com, and at Internet Oasis Radio at www.internetoasisradio.com. Internet Oasis is a broadcast on Live365, at www.live365.com, that plays a mix of new age, ambient and electronic music 24 hours a day.

On August 27th, Kori will be playing at Moxie Java and hosting a Release Party to celebrate her completed CD.

Kori and her husband produced "The Road Less Traveled". Matt Brown of SonikWire Studios (www.sonikwire.com), engineered and mastered the CD.

"The Road Less Traveled" is available for purchase at Amazon.com and CDBaby.com.
